Uproar In Assembly

Three Members Stage Walk-Out

Leader Refuses To Withdraw: "Insult To Chair"

NEW DELHI, AUG. 12.

UPROAR AND HEATED EXCHANGES MARKED THE PROCEEDINGS IN THE ASSEMBLY THIS MORNING, WHEN NAWAB SIDDIQ ALI KHAN SOUGHT LEAVE FOR AN ADJOURNMENT MOTION TO DISCUSS THE FAILURE OF GOVERNMENT TO SECURE THE ATTENDANCE OF GOVERNMENT MEMBERS IN TIME TO HELP IN CONSTITUTING A QUORUM TO HOLD THE AFTERNOON MEETING OF THE SECRET SESSION ON AUGUST 11, THEREBY DEPRIVING THE HOUSE OF THE MOST VALUABLE PRIVILEGE OF ELICITING FULL INFORMATION ABOUT THE WAR SITUATION AND DISCUSSING THE SAME.

The President remarked that he understood 21 members were actually present yesterday afternoon, (voices: 18) and that according to the usual practice no bell was rung. As regards the motion, the President enquired, was it the case of the mover that it was the duty only of Government members to attend the House in time? Was it not equally the duty of elected members?

Several voices: Elected members were present. Twenty of them were in the House. Only one official member was present.

PATEL'S RULING RECALLED

Sir Yamin Khan drew the Chair's attention to a ruling given by President Patel that when it was official business in the House it was the duty of the official benches to keep the quorum.

The president observed he did not think the House would like him to hold that it was the duty only of Government members and members nominated by Government to attend the House regularly and in proper time and that an equal duty did not rest on members elected by constituencies. If he were to lay down any such rule, it would mean that the constituencies need not look to members elected by them to carry out their duty. He would be very loath to give any such ruling.

Voices: What about giving another day for continuing the secret session?

Sir Sultan Ahmed said if there was a general desire that the debate on the War situation should be continued, he would try and get in touch with H. E. the Commander-in-Chief and if he was free, arrangements could be made.

Voice: When? Sir Sultan Ahmed replied he could not say without consulting the Commander-in-Chief.

Voices: When? Sir Sultan Ahmed debate was not continued yesterday?

Sir Sultan Ahmed said it was not Government's. It was the fault of someone who did not ask for the bell to be rung.

"WITHDRAW"

Angry cries of "no" "no" "withdraw". "You have shown discourtesy to the occupant of the Chair."

Sir Yamin Khan asked whether it was the duty of the person in the Chair to have the bell rung when there was no quorum.

The President observed that it had always been the practice. It was not obligatory on the Chair (cheers from Opposition benches) but it was the practice (counter cheers from official benches).

Mr. A. C. Dutta (deputy president, who was in the chair yesterday afternoon) declared with great heat that he had no discretion and the question of ringing the bell did not arise at all. (Hear hear).

Several voices: The bell won't ring in the hotel where the official members were at the time. It will ring only in the lobbies and in their rooms in the chamber.

REFLECTION ON CHAIR

Mr. Essak Sait on a point of order said the Leader of the House cast a reflection on the Chair when he said that the Chair did not ask the bell to be rung (Voices: He must withdraw).

Sir Sultan Ahmed said that while he was stating that the debate on the war situation could be continued, if it was the general desire and if the Commander-in-Chief was free, he was asked whose fault was it that the debate was not continued yesterday. He replied it was not Government's but it was due to the failure of the bell being rung.

Mr. Neogy: That is enough. That is an insult to the Chair. You must withdraw it.

WALKOUT

Sir Sultan Ahmed did not withdraw and Mr. Neogy with one or two others walked out in protest.

Nawab Siddiq Ali Khan's adjournment motion and a similar motion by Sardar Mangal Singh were ruled out and the House proceeded to take up non-official resolutions on the agenda.

CONTINUOUS THUMPING

In the afternoon when Dr. N. B. Khare, Indians Overseas Member, rose to reply to the debate on the resolution relating to Haj, Members of the Moslem League party and some Nationalists began a continuous thumping of desks with the result that he could not proceed beyond the opening word "Sir". After a few minutes of this demonstration, Mr. A. C. Datta who was in the Chair asked what the demonstrators wanted. (Voices: Has the leader of the House withdrawn?)

Dr. Bannerji said what they wanted was an unconditional withdrawal on the part of the Leader of the House of the remarks which constituted a reflection on the Deputy President (Hear hear).

Mr. Datta said he was sorry he was in a rather awkward position in this matter.

Sir Sultan Ahmed Leader of the House said he did not withdraw anything but he assured the House no reflection was meant on the Chair and therefore there was nothing to withdraw.

Voices: That is not an apology. Other voices:

"THAT IS WITHDRAWAL"

That is the parliamentary convention. That is a withdrawal.

Dr. Khare was thereafter allowed to speak.

Later when Sir Firoz Khan Noon, Defence Member spoke on the same resolution, he began by expressing regret for yesterday's incident after lunch and said he was sorry to have been absent from the House.

Dr. Bannerji: Does the Leader of the House include himself in this? Sir Sultan Ahmed: No.—A.P.

Another Day For Food Debate

NEW DELHI, Aug. 12.

In the Council of State to-day, Sir J. P. Srivastava, Food Member, agreed at the opposition's request to allot another day for continuing the food debate.

Mr. Hoosein Imam and Pandit Kunzru, urging for this said they must have another day in order to have sufficient time to express their opinions, but, if the Government did not want to have their opinions, they and their parties would not take part in the debate.—A.P.

Assembly Turns Down Demand For Haj

NEW DELHI, August 12.

A strong demand that the Government of India should revise their decision not to permit the Haj this year was made in the course of the debate on Nawab Siddiq Ali Khan's resolution recommending that arrangements be made for the Haj this year as in previous years and that shipping should not be the monopoly of one company.

After Sir Raza Ali had supported the resolution Sir Feroz Khan Noon asked Muslims to consider the question of safety and declared he fully shared the responsibility of the Overseas Member in the decision, which was a unanimous one.

The resolution was rejected by 32 votes to 28.

INFLATION AND PRICES

Sir Ziauddin moved a resolution recommending modification of Government's currency policy and concentration of their attention more on the stability of prices than on t. stability of the bank rate of interest.

Sir Ziauddin declared that if the price of three sets of articles, namely, silver, cotton piecegoods and wheat and rice, were stabilised, the price of other commodities would move in sympathy. He suggested that a maximum rise of 50 per cent over the pre-war price was reasonable and Government should fix prices at that level. As it was the value of the rupee he said had gone down to eight annas, and therefore it was necessary that the salary of Government's employees should be doubled.

Mr. T. T. Krishnamachari said: "Some Indian Economists had suggested buying of the assets of British residents in this country. That was a constructive proposal. Was it being considered?

The Finance Member said with regard to inflation that the state of affairs which existed in this country up to the beginning of May was capable of being construed as leading to uncontrolled inflation, but Government had now satisfied themselves of their ability to deal with that situation.

The important thing in war time was to ensure that even though currency and bank deposits might expand, they did not have their automatic effect on price level. Government had satisfied themselves that it was not necessary to submit to any automatic advance of prices, because of increase in the volume of currency. He himself was not sure of it three months ago, but he was quite sure to-day Government could stop that nonsense. It required drastic action and the fullest measure of public support for that action.

The Finance Member said that in a vast country like India, there was no need to be alarmed by the currency figures of 750 crores or even of a thousand crores. In relation to the population of the country and other factors, it was not an intrinsically excessive figure, but it was important to check the tendencies which that figure seemed to indicate.

Dealing with commodity controls, the Finance Member expressed confidence that the textile control experiment would succeed.

Dr. Bannerji: What if it fails?

MORE CONTROLS TO COME

The Finance Member declared if it failed, it would be Government's duty to face the resultant situation without regard to sentiment. But he did not believe that the experiment would fail.

He explained that sugar control in spite of initial difficulties was working satisfactorily. It was Government's intention to proceed further with commodity control and bring all commodities to a reasonable price level. He regarded as his enemy every man who tried to produce a rise in commodity prices.

The debate was adjourned and the House rose till to-morrow.—A. P.

Viceroy Must Be Answered

Khaliquzzaman's Appeal To Gandhiji

BHOPAL, August 12.

"In my opinion, the time has come when Mahatma Gandhi should discard all sense of doubtful prestige and come out of jail to give a befitting reply to Lord Linlithgow to the latest challenge to India to present an united demand", says Chaudhury Khaliquzzaman, Member of the Working Committee of the All-India Muslim League in a statement to the Associated Press on the Frontier by-election results.

Choudhury Khaliquzzaman thinks that the "election results are bound to give a shock to the Congress leaders in jail, for some of their friends in the North-West Frontier Province had managed, to keep them in the dark. Muslims of the province have shown unmistakably their adherence to Pakistan. The Congress leaders should now realise that those people are their real and sincere friends who openly oppose their wrong policy and disclose to them their weakness.

In my opinion the time has come when Mahatma Gandhi should discard all sense of doubtful prestige and come out of jail to give a befitting reply to Lord Linlithgow's latest challenge to India to present an united demand. If Mahatma Gandhi's letter to Qaide Azam Jinnah was not meant to secure a mere tactical advantage but was intended to accomplish something great and lasting, it is time that he, like a brave general, extricated his army from a difficult situation and gained something for India".—A. P.

League Captures All Four Seats

PESHAWAR, Aug 12.

The Muslim League has also won the fourth by-election the result of which was announced at Kohat this afternoon. The following is the result:

MADRAS, August 12.

In response to an urgent telegram from Dr. B. S. Moonje, Dr. Varadarajulu Naidu, Vice-President of the All-India Hindu Mahasabha, is leaving Madras on the 14th instant for Nagpur where Mr. V. D. Savarkar, President of the Mahasabha is also expected for some important discussions.—A. P

DECLARATION OF FOODGRAINS STOCKS

BOMBAY, Aug. 12.

In a recent judgment delivered by the High Court Bombay, it has been held that Government orders requiring every person in the city of Bombay and the Bombay Suburban District to submit a weekly return of stocks of foodgrains do not apply to persons holding stocks in Bombay city and Bombay Suburban district, but residing outside that area, says a Press Note. The Government of Bombay has accordingly amended its orders so as to include every person irrespective of whether he resides in Bombay city or Bombay suburban District or not.

MADRAS, Aug. 12.

For the by-election to the Council of State from the Madras City non-Mohamedan constituency caused by the death of Dewan Bahadur K. Govindachari, three persons have filed their nomination papers to-day, the last day for filing nominations.

The candidates are Sir N. Gopalaswami Iyengar, till lately Dewan of Kashmir, Mr. S. Muthia Mudaliar and Mr. T. S. Ramaswami Iyer. The election will take place on 30th September.—A. P.

NAZIS QUIT SICILY?

Allies Take Two More Towns: U. S. Troops Land East Of Cape Orlando

LONDON, Aug. 12.

Reuter's special correspondent in Sicily cables:

It is authoritatively stated that German evacuation of Sicily is now in full swing.

Under a colossal anti-aircraft barrage from hundreds of heavy and light guns, eighty vessels are shuttling to and from the Italian mainland with men and equipment.

HOW NAZIS ARE QUITTING

German units are now being withdrawn from the line where tactical position admits and sent to Messina whence they cross to Italy in an evacuation fleet consisting of ferry-boats, barges, lighters and landing craft. Italian civilians and soldiers—unless they are under the German command—are being ruthlessly thrust aside and Italian motor transport and heavy weapons are being pushed off the road. The evacuation started on July 30 and the tempo has been increasing for the last ten days. They are embarking at scattered points around the north-eastern tip of Sicily and making for widely separated points in the toe of Italy to try to avoid offering concerted targets but those outside the flak "umbrella" are being heavily attacked by the R.A.F. The day is now a long succession of explosions as aircraft bomb and strafe the fleeing Germans.

According to official sources the enemy is bitterly resisting the combined British and American attacks on Randazzo.

Allied Headquarters in North Africa:

It is announced that the Eighth Army has taken Parajola and Zafferano.

An American amphibious landing was made east of Cape Orlando.

To-day's Communique says the advance continues steadily in all sectors. In the east coast sector the enemy is fighting strong rearguard action. On this sector of the front the Eighth Army have now taken a village of Prajola and Zafferano Etna In land the enemy is putting up stiff fight north of Bronte on the Randazzo Road. Here the eighth army is at acting in close co-operation with the seventh army who despite firm enemy resistance are now half way towards Randazzo on the road from Cesaro. To the north in the area of San Marco Dalunzio the gains have been consolidated. Meanwhile another raiding force has landed behind the enemy lines and successfully established a bridgehead.

U.S. TROOPS LANDING

To-day's Naval Communique states: "In the face of stiff enemy resistance a second amphibious landing was effected by the United States forces east of Cape Orlando on the north-eastern coast of Sicily during the night of August 10/11.

ALLIES RAID TERNI

To-day's air communique states: "Heavy bombers of the North-West African Air Force yesterday attacked railway communications at Terni in Central Italy.

Warhawk packs sweeping throughout southern Sardinia found no sign of Axis activity. Off the Italian coast, due west of Rome, Beaufighters attacked, two schooners with cannon-fire. From these operations only one aircraft is missing.

LUFTWAFFE OVER BRITAIN

LONDON, Aug. 12.

Twelve people are now known to have been killed and many injured in last night's attack by enemy raiders who dive-bombed a south-west of England coast town. A south coast town was also raided and eleven persons lost their lives. High explosive and oil bombs were dropped. Some damage was done.

One enemy aircraft was destroyed.

The Luftwaffe used more planes in last night's raid on this country than they have done for some months. Some 20 enemy aircraft were over the south-west coast and fewer than 20 over the south coast.

"MOSQUITOS" RAID RUHR

An Air Ministry communique announces: "Last night 'Mosquitos' of the Bomber Command attacked objectives in the Ruhr and Rhineland. Other aircraft laid mines in enemy waters. Aircraft of the Fighter Command on Intruder patrols attacked railway targets in France and the Countries. One bomber is missing."

STALIN'S VIEW ON STRATEGY

WASHINGTON, Aug. 12.

Marshal Stalin's absence from the Churchill-Roosevelt Conference does not apparently mean that he is not taking part in it. According to military circles here a detailed report on the present military situation on the eastern front accompanied by Marshal Stalin's view on future strategy was presented on the Russians' behalf through diplomatic channels.

It is understood that Mr. Churchill and President Roosevelt will present this report to the Combined Chiefs of Staff when they arrive for the conference.—Reuter.

Churchill In U. S. A.

Place Of Meeting Roosevelt Not Disclosed

QUEBEC, Aug. 12.

Mr. Churchill has gone to the United States to meet President Roosevelt. The time and place have not been disclosed.

Official secrecy swallowed up Mr. Churchill after his arrival in the United States from Canada by a special train this morning. American censorship permitted newspapermen to record the bare facts of his party's entry at Niagara Falls and then clamped down on all further reports.

The Columbia broadcasting system commentator says that reports circulating in London state that Marshal Stalin cabled Canada informing the Allied leaders of his regret at being unable to attend the Quebec conference because his presence in Russia was needed to direct the Red Army's first summer offensive.

Ambassadors Meet Stalin

The Moscow radio last night said, "M. Stalin received the British Ambassador Sir Archibald Clark Kerr." The radio also announced that M. Stalin received the American Ambassador Admiral Standley.

The Moscow radio said to-day that the Soviet Foreign Commissar M. Molotov was present at M. Stalin's reception of the British and American Ambassadors.

News that M. Stalin received the British and the United States Ambassadors is considered to be closely linked with events in Quebec.

Reuter's special correspondent in Washington cables: It is learned here that the visit of the British and American Ambassadors to M. Stalin is connected with an important communication from the British and American Governments regarding the decisions to be taken at the Quebec Conference.

The utmost importance is attached here to the alignment of British, American and Soviet war plans.

TRI-PARTITE TALKS IN TOKYO

TOKYO, Aug. 12.

The Japanese News Agency says that the Japanese Foreign Minister, Mr. Mamoru Shigemitsu today had a conference with the German Ambassador, Herr Heinrich Stahmer, and the Italian Ambassador, Sgr. Mario Indelli.

"It is believed the conference dealt with problems concerning the common pursuit of the war by the Tri-partite Powers", the Agency added.—Reuter.

Govt.'s 'No' To "Hindu" Of Karachi

KARACHI, August 12.

The Government of India have prohibited the resumption of publication of the "Hindu" Daily a Sindhi paper and its weekly edition the "Hindvasi," which suspended publication on August 21 last.

In reply to the paper's request to resume supply of newsprint to it, the Department of Industries, Government of India, has telegraphed back, "Regret unable permit re-starting of "Hindu and Hindvasi" at present. Would be prepared to reconsider three to four months hence.—A. P.

Whipping Sentences Quashed

JUDGMENT IN CHITTOOR ORDINANCE CASE APPEAL

CHITTOOR, Aug. 11.

Mr. W. O. Newsam, I.C.S., the District and Sessions Judge, Chittoor, pronounced judgment to-day setting aside on appeal the whipping sentences and reducing the sentence of imprisonment to the period already undergone in Chittoor Ordinance case in which three youths were each sentenced to receive 15 stripes of whipping each and to undergo R.I. for 18 months, by the Special Magistrate, Chittoor, in October last for the offence of removing the door of a cattle pound near Muthukur village and having burnt it.

In the course of his judgment Mr. Newsman observed: The appellants are youths of 20 and under 20 and come from good families. The evidence against them was somewhat stereotype and artificial but I am now assuming that they were rightly convicted. The fact seems to be that these young men were carried away by the spirit of revolt preached by their leaders and elders which seethed at that time. Had they been tried under the Indian Penal Code, the maximum sentence which could have been passed under Section 426 I.P.C. for mischief would have been a sentence of three months' imprisonment. Since November, 1942, there have been, I fancy, a marked change in the political climate and young men are once more under discipline. I am of opinion that no useful purpose would be served by sending these young men back to jail. I am quite sure that the stupidity of venting emotions on public property has become apparent everywhere and that the lesson has been learned that even a good end cannot justify evil means, that high motives and criminal intentions and actions whenever go together."

As the sentence of whipping has not been administered, the Judge, set aside the sentence of whipping. The Judge also reduced the term of imprisonment of 18 months' R.I. upon each of the three appellants to the period already undergone by them and set them at liberty.—A. P.

CHINA SOLVES RICE PROBLEM

CHUNGKING, Aug. 12.

The Chinese Vice-Minister of Foreign Affairs said to-day that the Foreign Minister, Dr. T. V. Soong was making progress in his discussions with British officials in London, he declined to elaborate on this remark.

The situation in the famine stricken Honan Province in Central China has been restored, according to a counsellor of the Executive Yuan, who added: "We think China's rice problem this year has been solved once and for all".—Reuter.

HE GAVE LIFE TO STOP RIOT

SYLHET, Aug. 11.

Abdul Hamid, a student of the Murari Chand College, Sylhet, has been killed at village Ujaingaon in the interior of the district of Sylhet, while attempting to stop a riot.

It is understood that when a riot was going on between two parties of the village people, over a plot of land, Abdul Hamid went to the spot in order to pacify the people engaged in the fracas. But some of the agitated people fell upon him and he was killed on the spot.—A.P.

PLEA FOR RATIONING OF DWELLING PLACES

Municipal Commissioner To Report

A number of young children of Parel area went round in a procession shouting "Reduce the price of Milk" near the Municipal Head Office on Thursday afternoon. A few ladies of Mahila Sangh, Parel, also visited the Municipal Corporation Hall, to listen to the debate on the high price of milk now prevailing in the city, but retired after sitting for an hour as the relevant item was not taken in hand.

Mr. B. N. Karanjia presided.

Mr. I. S. Patel, who has lost his seat on account of his absence for one year came to the Corporation Hall and occupied a seat along with councillors, but he left the hall as he was informed that he was no longer a member.

RATIONING OF DWELLING PLACES

The House sent to the Municipal Commissioner for report the resolution of Mr. Zulmiram J. Chowdhary to represent to the Government regarding acute scarcity of housing accommodation felt by the lower middle class people and to request them to consider the desirability of rationing of dwelling places in the city to meet the situation.

Mr. S. S. Mirajkar seconded the proposition.

Mr. A. P. Sabawala opposed the resolution and said it was for the Central Government to introduce rationing and the Municipality was not the place to discuss such matters.

Mr. Jamnadas Dwarkadas thought that something should be done to relieve the congestion and unless some buildings were commandeered, the poor and middle classes would not get rooms to live.

Mr. Motichand Kapadia moved an amendment to refer the matter to the Municipal Commissioner for report which was agreed to.

RATIONING OF KEROSENE

The resolution of Mr. N. C. Bharucha to represent the Government that in order to minimise the hardship of consumers of kerosene waiting in queues Kerosene may be rationed, was agreed to.

HARDSHIPS ON TRAMCARS AND BUSES

The following resolution of Dr. J. V. Vora seconded by Mr. Mohanlal Desai was also agreed to:

"That the Tramways and Telephone Committee be requested to consider, in consultation with the Commissioner, the causes of the inconvenience and discomfort caused to the travelling public due to the acute shortage of the transport facilities in the City, particularly the overcrowding in the tram cars and buses, and to report to the Corporation at an early date the measures that should be taken for minimising the just grievances of the public in this behalf.

The House then adjourned till Monday.

CITY MARKETS

Bombay, Aug. 12.

SHARES: The local Share Bazar opened steady under the influence of further expansion of currency but to-morrow being the Settlement day there appeared some long liquidation with a view to even up the situation. Those who take constructive view of the market rely on currency expansion and on every moderate decline sufficient support appears. Thus there seems no sound reason for any important break in quotation and the market remains a purchase on all recessions. It is said that speculation is the root cause for higher prices but it is equally true that the currency expansion helps speculation. There is extreme ease in the money market and large sums are lying idle waiting employment. The market opened very steady to-day but the improvement in quotations attracted small profit taking and prices downturned but at the decline there developed moderate support. Tata Steel Dfds. opened at Rs. 1,980 and after declining to Rs 1,955 steadied at Rs. 1,960. Ordinary Shares opened at Rs. 398 and declined to Rs. 394 but rallied to Rs. 395. Bombay Dyeing Shares opened at Rs. 1,935 and after declining to Rs. 1,920 steadied at Rs. 1,925. Century Shares opened at Rs. 760 and declined to Rs. 755 while Kohinoors opened at Rs. 580 and after declining to Rs. 575 improved to Rs. 578. Associated Cements were quoted at Rs. 206-8.

BULLION: Yesterday London Gold was unchanged at £8-8-0. Dollar Sterling Cross Rate was 4.02-1/2 to 4.03-1/2 at London and 4.03-3/4 at New York. London Spot and forward Silver quotations were unchanged at 23-1/2d. and New York Silver was quoted at 44-3/4. The further increase in currency is believed to be constructive and buyers are expecting higher prices in the long run. There was moderate business. Ready Silver Rs. 110-8 delivery Rs. 109-8. Ready Gold Rs. 75 and delivery Rs. 74-8.

Later on there was some nervous selling and prices declined about one rupee but buyings appeared and a portion of the loss was recovered. Trading was suspended in the Hall but later on private business was going on. Ready Silver Rs. 110/8, delivery Rs. 109/12, ready Gold Rs. 75/4, delivery Rs. 74/12. Sovereigns Rs. 51/6.

SEEDS: The local Seeds Market was quietly steady with a limited enquiry. Ready groundnuts bold were quoted at Rs. 100 and Khandesh quaulity stood at Rs. 104. Linseed ready was quoted at Rs. 15 and Castorseeds were placed at Rs. 18-6.

The Bombay Chronicle

"ADDING INSULT TO INJURY"

General Smuts' refusal to receive a deputation of Indians seems to have filled his own countrymen with misgivings. The "Natal Witness" points out that the difficulties besetting the Indian problem cannot be overcome "by denying outright for domestic application the principles the Prime Minister advocates for world acceptance." It is, indeed, "to add insult to injury", the paper adds, "to penalise the Indian for acting within his rights as an immigrant from India and at the same time to deny him the rights which would cut the bond with India." The Union Government cannot have it both ways. They should grant the resident Indians either the rights of citizens to vote and to reside anywhere in the country or the rights of immigrants to rely on the mother country for the redress of their wrongs. The "Natal Mercury" argues that the debate in the Indian legislature on the Reciprocity Act practically "reduces the status of Indians in this country to that of immigrants". But what are the Indians to do if they are not treated as citizens in South Africa, though they are born there and wish to be so treated?

Mr. A. I. Kajee, Secretary of the South African Indian Congress, explains the position clearly when he says that by extending the rights of citizenship to Indians, General Smuts could prevent any intervention from India; for if this were done, Indians in South Africa could not appeal to the outside world as it is impossible to claim citizenship rights in two countries at the same time. But until this is done, General Smuts cannot complain if South African Indian appealed to India. Instead of conceding the elementary rights of Indians the "Natal Mercury" makes the characteristic attempt to foment communal disunion among them by suggesting that, while the Hindus are not responsible for penetration, the present agitation has been whipped up by a wealthy minority of Mahomedans. The paper will be soon enough disillusioned on seeing that all Indians, both in South Africa and in India, are united in the agitation against the Pegging Act. Nay, even the Government of India are wholeheartedly supporting it. The present Reciprocity Act is an official measure, supported by all Indians in the Legislature.

We trust the Government of India are earnestly attempting to find out what retaliatory action can be taken immediately against South Africa. It has often been pointed out that stoppage of jute exports to South Africa can sufficiently impress the Union Government as they cannot do without Indian jute bags and other jute products. We welcome the report that Government are likely to examine the feasibility of denouncing the Indo-South African Trade Agreement. It is, of course, understood that if the South African Government ask for negotiations, they should not be prevented by any action under the Reciprocity Act.

Russia And Allies

This time the venue chosen for the Roosevelt-Churchill conference is Quebec, presumably to gratify the sentiments of the British. And it is quite likely that Mr. Churchill's journey from Quebec to an unknown destination has been undertaken to receive the President on the frontier and welcome him on the soil of the "British Empire and Commonwealth." But that is merely by the way although rather interesting. Reports and comments, that are now inevitably multiplying in regard to the possible questions to be discussed, make one point clear. It is the recognition of the dominant part that Russia is playing in changing the war situation. In fact, it is now openly admitted that Russian victories rather than the collapse of Mussolini have necessitated the meeting in order to make a rapid revision of Allied plans. It may be hoped, therefore, that the Second Front will now be truly launched.

But that is not all. The reverses of the Axis, particularly of Hitler in Russia, have presumably raised the hope of a much speedier defeat of Germany than was hitherto expected. And the Allies have to be ready with plans, particularly political, for Europe Marshal Stalin's participation in those plans is necessary—or shall we say unavoidable? The Russian leader is unable to be present at the meeting in person and obviously does not want to be represented formally at it. But the Americans and the British have evidently decided to keep him fully and continuously informed of the talks at Quebec. This is a sensible decision if only because the Allies simply cannot ignore Russia or her position.

FRANKLY SPEAKING

Soong For America

While it is quite obvious that the Quebec talks should deal primarily and principally with the war in Europe, it is also natural that questions relating to the other theatres and aspects of the global war should come under discussion. That is why Doctor Soong has cancelled the rest of his programme in Britain and is returning to America. Doctor Soong's is the most difficult mission because of all the United Nations China is the most neglected although the part she has played in the war is, both in respect of strategical importance and sacrifices, second only to that of Russia. China's services and her needs have so far been recognised only in the shape of verbal sympathy and promises. Let us hope she will presently get something more concrete.

The Battle Of Sicily

It is a tribute to the desperate and perhaps suicidal resistance of the Germans in Sicily that Allied progress has been undeniably slow. But they have not been able to halt the Americans and the British, so that only one town Randazzo stands between them and complete defeat. They have been fighting with the utmost ferocity and grimness for it. But its fall is imminent, if, indeed, it has not already fallen. Beyond Randazzo there is little likelihood of the Axis making any stand in Sicily. Next week should see the Allied preparing to take the war to the Italian mainland. And that seems to be the only argument left to bring King Victor Emmanuel and Marshal Badoglio to a realisation of inescapable realities.

Control Of Drugs

It is believed that the Government of India will soon promulgate an Order to control drugs and medicines. The order will be widely appreciated if it is fair to the manufacturers and the public alike. The manufacturers are making earnest attempts, as they never did before, to produce here many of the drugs which were so far imported. Their pioneer attempts should not be discouraged. But profiteering should be sternly penalised. Severe penalties should also be imposed on fraudulent adulteration of drugs. The proposed control will not be an easy task. But it can be achieved if the controlling board is fully representative and includes disinterested physicians and representatives of the public.

"Elders" Accuse Govt. Of Bungling In Food Policy

Plea For Provision Of Shipping Space & Overhauling Of Present Purchase System

NEW DELHI, Aug. 12.

The Council of State discussed the food situation to-day.

Major-General Wood, initiating the discussion made a comprehensive survey of the food problem and examined the reasons for an insufficient degree of success of Government's policy in the last six months.

General Wood postulated that whatever the food policy might be in this country, there was but one instrument and one machinery for the execution of that policy, namely the administrative organisations of the Provinces and States.

"BASIC PLAN"

Proceeding General Wood said that on January 26, the Central Government published their 'basic plan', which was unanimously accepted by all provinces and states. The determination of how much surplus each province would surrender and how much should each deficit province receive was only one final obstacle left. It was subsequently found that everyone was prepared to subscribe to the theory but when it came to the acid test, only a few provinces admitted their surplus. It was in these circumstances that free trade was established in the north east region.

The prospect of applying Free Trade conditions to wider areas led to the holding of the third All-India Food Conference in Delhi in the first week of July. This conference made fully clear that rather than free trade they would prefer the resurrection of the Basic Plan in the modified form. The conference also recommended the application of rationing to the cities and major towns of India. This has since been accepted by the Government.

Rai Bahadur Lala Ram Saran Dass condemned the present system of purchases by the Government and suggested that the whole crop should be purchased by the Government and then distribution made, in accordance with the advice of a committee of officials and publicmen, which should be constituted for the purpose.

BEWARE OF FOOD RIOTS!

Mr. M. N. Dalal said food situation in the country was very serious. Food riots once they started, he warned, might become a greater menace to India than even the Japanese aggression.

Mr. Dalal asked the Government of India to give up all considerations of provincial autonomy, when the question of the life and death of so many people was before them, and also to lay aside excuses of lack of shipping space

"DECLARE FAMINE IN BENGAL"

Mr. S. K. Roy Chaudhury said Bengal had fallen on very evil days. He pointed out that the denial policy in the coastal districts was responsible for many of the sufferings of the people of the province. He said the present food drive in the province in search of hidden food was in vain, because blood could not be drawn from a carcase. Starving people from the countryside were coming to Calcutta in the hope of getting food, but were meeting a fateful end there.

Sir David Devadoss complained that Government had been all along under the impression that food was no problem for India. They should rush food to the distress areas, and import foodstuffs from outside to meet the shortage in the country.

Referring to production, Sir Jogendra pointed out that agricultural production could not be increased by a mere waving of the wand. The need for increased food production, he said, was emphasised in March 1942. Taken as a whole, 13 1/2 lakhs of additional acreage were put under rice, 1 1/2 lakhs under wheat and 69 lakhs under millets and maize. Unfortunately the season for rice was very bad in the east and south, with the result that in spite of increase in acreage, the rice production, decreased by eight lakhs of tons. It was this deficit, which was in part responsible for the present food situation.

Sir Jogendra Singh announced his Department were preparing material for committees which would plan a programme of rural reconstruction.

HUGE EXPORT OF FOODGRAINS

Mr. Hoosain Imam, deplored that the food department, which was essentially responsible for maintaining the Home Front had been made a shuttle cock.

Maharajkumar of Nashipur claimed that export of rice from India and storage of food for the defence services had contributed to the present situation.

Mr. Ali Ashgar from Assam depicted the conditions in his own provinces and said that introduction of free trade had resulted in high prices and dislocation of supplies.

The Council rose for the day.—A.P.

RAJPUTANA FLOODS HAVOC

Marwari Relief Party Reaches Vijayanagar, But Villages Are Still Unapproachable

(From Our Special Correspondent.)
AJMER, Aug. 9.

No sooner did the news of the terrible floods of 30th July reach here than Seth Chandkaranji Sarda of Rajputana and Central India Praja Parishad with a number of rich Marwaris and volunteers immediately started for Vijaynagar. Seth Lalchandji, a mill owner of Biawar and his friends had sent a number of lorries loaded with food, clothing and medicine. Seth Ragoonathsinh Agrawal, Managing Director of Seksaria Mills, who had started from Bhilwada with a number of Seksaria Seva Samity, journeyed a distance of 40 miles on camels. These camels traversed half the portion of the river, but refused to proceed further. There was no other way to reach Vijaynagar. So all swam through the remaining part of the river in spate and after great hardships reached the bank. On arrival of all these persons, relief work was immediately started. Hungry survivors were fed and clothed those who had received injuries, were treated by doctors accompanying the relief parties.

When the survivors were mourning the loss of many members of their families, including a very large number of women and children, members of criminal tribes from the adjoining districts had come over to remove gold and silver ornaments from the dead bodies of women who had died. But they were immediately prevented from doing so, by a party of police and the military, which had arrived from Nasirabad and Ajmer.

The Chief Commissioner and the Deputy Commissioner of Ajmer-Mewad had already arrived and did their best to help the unfortunate victims of the floods. They went from house to house to console the survivors.

It has been possible to give succour to people residing in cities or places which can be reached either by rail or motor cars, but the plight of villages is pitiable, as it is impossible to reach them on foot. Reports of happenings in villages are not still available, except the sad fact that dead bodies accumulated have not been as yet removed, thus causing insanitary conditions. It is feared that this will lead to an outbreak of epidemic.

Home Member On Ajmer-Merwara Flood Situation

NEW DELHI, Aug. 12.

The flood situation in Ajmer-Merwara and measures taken to deal with it were described by the Home Member in reply to a short notice question in the Assembly to-day.

Sir Reginald Maxwell said :—

"The loss of life in Ajmer-Merwara is estimated to be about 3,000; no accurate estimate of loss of property is yet available but it is feared that the figure runs into several lakhs. The area affected is about 150 sq. miles. In that area cultivation has suffered severe damage, tanks have been breached, soil and cattle have in places been washed away and the crops have been destroyed.

"Food, clothing and lighting requisites have been provided for the sufferers; a scheme has been put into force under the direction of an officer on special duty to ensure regular supply to the affected areas. As rotting grain in the shops was likely to endanger public health, Bijainagar town with a pre-flood population of about 7,000 which suffered very heavy damage in life and property was completely evacuated after arrangements had been made to provide accommodation for those who had no friends or relatives to go to, the railway authorities having kindly agreed to permit the evacuees to travel free of charge. The Government of India have authorised an expenditure of one lakh of rupees for immediate relief and will determine further financial assistance on receipt of full reports of requirements and detailed proposals from the chief commissioner.

I may assure the House that both the Government of India and the Local Administration are keenly alive to the requirements of the situation and are determined to do their utmost to bring relief to the sufferers and to restore normal conditions.—A. P.

CALCUTTA, Aug. 12.

The flood in Damodar is subsiding and the water has fallen by two feet, according to a statement issued by the Works and Communication Minister, Bengal.

There is no present danger to the town of Burdwan. The Grand Trunk Road is generally mostly dry—A.P.

Lobby Reactions To Passing Of Reciprocity Act

(From Our Own Correspondent.)
NEW DELHI, Aug. 11.

The question of action against South African Union Government as retaliation against their Pegging legislation is now under the active examination of the authorities here.

Lobby reactions to the passing of the Reciprocity Act are that Government of India are not so helpless as they made it out before. It is asserted that stoppage of jute exports to South Africa alone would create an uneasy position for Union Government. South Africa relies mainly on India for jute bags and other Jute manufactured articles which are required for sugar and other industries. As a matter of fact jute manufactured imports into South Africa in 1939 was 50 per cent of other imports.

Lobbies anticipate that Government is likely to examine the possibility of denouncing the Indo-South African Trade Agreement denunciation of which requires three months' notice. Meanwhile the Reciprocity Act is to be put into operation.

Drugs And Medicine May Be Controlled

(From Our Own Correspondent).
NEW DELHI, Aug. 11

It is learnt here that Drugs and Medicine Control Order is to be promulgated shortly by the Central Government. It is expected to follow the lines of the Textile Control Order in the matter of the creation of a board to advise Government on control measures. The Government, it is believed, were in consultation with the manufacturing interests before issuing the order.

As for anti-hoarding anti-speculation order which seeks to empower Government control of civil supplies other than food grains and cotton textiles and yarn, it is believed to have been circulated to provincil Governments for opinions.

The order is expected to be issued by the end of the month.

BACK TO THE QUORAN

Raja Of Mahmudabad On New Move For Muslim Renaissance

(From Our Special Correspondent)
BOMBAY, Thursday.

An education—with an ideal and a course—which will suit the Muslim genius.

An educational movement of a portentous dimension for the revival of the great Muslim cultural heritage and Quoranic traditions;

A great move of Muslim renaissance —These ambitious objectives were given out as the reason for starting the Islami Jammat, a religio-ethical Association by the Raja of Mahmudabad, Member of the Muslim League Working Committee and Allamma Syed Ibne Hasan Rizvi Jarchavi, at a Press Conference this morning, in the Baig Mahomed Baug.

Explaining the scheme, the Raja of Mahmudabad said that the aim was to launch a nation-wide movement of spiritual, moral and cultural reconstruction of "Millet" by infusing Islamic theology in education and social life, intellect and emotions.

"It has also been decided," states a manifesto issued to the pressmen, "to produce general literature and prosecute research on all the important aspects of our national life in order to emphasise and infuse Islamic spirit therein. It appears that the Muslims all over India are eagerly looking forward to an Islamic renaissance as a sequel to national awakening. The Jamaat is not a political organisation nor a sectarian one. Its doors are open to all Muslims."

The Raja further said that a Board will be created on an All-India basis, which will approach each Minister of Education in the different Provinces to recognise this movement of the Muslims and to help them organise this plan. The Ministers will be requested to give the management of Muslim education in the hands of Muslims themselves—exclusively!

The Muslims felt that they were a different nation, not only because the League said so, but because the Quoran said so. And, he assured the pressmen that Islam was the only "principle" on which the world would find peace ultimately.

Discussing the economic aspects of this new move, the Raja Saheb said that "there would be no place in the Quoranic world for the capitalists or hoarders."

There would be "equitable" distribution of wealth but not equal distribution".

The Raja Saheb said that the Muslims did not believe in the technique of political struggle adopted by either the Congress or any other party. Quoran had laid down the methods already. They were going to resort to those methods. But this movement was only the basis of reviving that technique. This movement was only the background of education which the Muslims must have before they achieved the status of Pakistan. It was all simple to understand, he added.

Will Bombay Lighting Restrictions Be Relaxed?

NEW DELHI, Aug. 12.

The question of whether relaxation of lighting restrictions in Bombay was possible was under consideration, said Sir Jwala Prasad Srivastava replying to a question of Mr. Hossain Imam in the Council of State.

He further stated that lighting restrictions had been relaxed over a greater part of India.

LONDON, August 12.—His Majesty the King has approved posthumous award of the Victoria Cross to Lt. (temporary Captain) Lord Lyell of the Scots Guards.—Reuter.

TETE-A-TETE

WITHOUT COMMENT

Asked how far the Islamic laws would go in with commerce and trade, when Islam forbade charging or paying of interest on capital, the Raja Saheb said that there would be no place under Koranic Government for any capitalists or hoarders. Interest on capital would be abolished. There would be an equitable distribution of wealth.

WHEN INDIA'S

Destiny

IS AT STAKE...

From the age of mythology Sita has been handed down as the glory and ideal of Indian womanhood. Sita—the embodiment of supreme self-sacrifice and self-effacement. With all the influx of modern ideas the Indian woman of today still continues to give these qualities the pride of place among the virtues demanded of a woman. No sacrifice, no self-effacement is too great to her for the sake of the ones she loves. No one will deny that much of the charm and sweetness of Indian womanhoodlies in these qualities

When, however, these qualities induce her to neglect her health—it is time to cry halt. For, with the health of India's womanhood is linked up the destiny of India's future citizens. Self-effacement ceases to be a virtue when India's destiny is at stake.

As a woman there are certain ailments to which you are peculiarly liable—because of the internal organism with which Nature has specially equipped you. It is your duty to see that it functions faultlessly. In this you will find C. K. Sen's ASOKA an invaluable aid. By toning up your entire internal organism it promotes complete and regular functioning of the system on which your health and beauty entirely depends.

Star-Studded Film At Eros

"The Moon & Sixpence" At New Empire

BY T. V. P.

"Tales of Manhattan" opened at Eros on Thursday. Never before in the history of foreign films, such a fine cast assembled for one single film. 20th Century-Fox really deserves to be congratulated for producing such a picture.

Hot favourites like Charles Boyer, Rita Hayworth, Ginger Rogers, Henry Fonda, Charles Laughton, Edward. G. Robinson, Paul Robeson, Ethel Waters and 44 other featured players are included in the mighty cast.

"THE MOON AND SIXPENCE"

Stark realism, vivid drama and exciting romance are blended in "The Moon and Sixpence", at New Empire.

A scene from "Tales of Manhattan" at Eros.

The cast of this film, which records the adventures and romances of a brooding genius who differed from other men, includes George Sanders, Herbert Marshall, Doris Dudley, Elena Verdugo, Albert Basserman, Eric Blore, Robert Grieg and Steve Geray.

"RANDOM HARVEST"

"Random Harvest" adaptation of James Hilton's new novel, brings to the screen an engrossing story of a strange case of suspended memory, which motivates a haunting romance. Its co-stars Ronald Colman and Greer Garson, in her first picture since "Mrs. Miniver".

"WHISTLING IN DIXIE"

Red Skelton does plenty of suspecting, gets himself and Ann Rutherford into thrilling and hilarous predicaments, and solves a murder mystery amid howls of mirth in "Whistling in Dixie", a Metro Goldwyn Mayer comedy released for the first time in Bombay this week at Strand.

"SILVER FLEET" AT EXCELSIOR

"The Silver Fleet" at Excelsior is a tale of a mysterious Dutch patriot who signs himself Piet Hein. The original Piet Hein, or Peter Pieterse Heyn, was a famous Admiral during the reign of James 1st of England.

"IN THIS OUR LIFE"

"In This Our Life" starring Bette Davis, Olivia De Havilland, Denis Morgan and George Brent will take the Palace screen.

PARADISE PROGRAMME

This week at Paradise (Mahim) four pictures are released. From Friday to Monday "The Fleet's in" featuring Dorothy Lamour, on Tuesday Bud Abbott, Lou Costello Comedy 'In the Navy', on Wednesday 'It started with eve' featuring Deana Durbin and Charles Laughton and on Thursday Leslie Howard, Bette Davis, and Humphrey Bogart in "The Petrified Forest'.

"MRS. MINIVER" AT AURORA

The most stirring film of our time "Mrs. Miniver" starring Greer Garson and Walter Pidgeon will be shown at The Aurora this week.

Ronald Colman and Greer Garson in "Random Harvest" at Metro.

Unveiling Of Gandhiji's Portrait

Under the auspices of the Khalsa College Union a meeting will be held to-day at 6 p.m. in the College Hall, when Mr. K. M. Munshi will unveil a portrait of Mahatma Gandhi, painted by Miss Angela Trindade. On the occasion Mr. Y. G. Krishnamurti will deliver an address on "Gandhian Philosophy and a New World Order".

Navsari Muslim Educational Society declares that if any Muslim or Muslims unite and contribute a lump sum of Rs. 20,000 as charity towards the fund which it has started for establishing a Middle or High School in Navsari, the school will be named 'Jinnah Middle School' or 'Jinnah High School' to commemorate the auspicious day of 13th August, 1943, which will be celebrated for Quaid-e-Azam's life....."

Monday August 16th must not be forgotten. It is the day which the film industry has donated to the Bijapur Relief Fund, the first collective gesture made by this industry to such a cause. The response from the industry has been most encouraging. In places cinema stars are expected to appear in person as an added attraction to the audiences. It is now hoped that those who are going to the pictures this week will make it a point to select this day, thereby combining entertainment with charity. It would have been moving to present to these audiences a short on the Bijapur Famine and the conditions in which these unfortunate people find themselves. But the oral testimony of those who are working for its relief should be ample for us to attend a single cinema show for this cause. Will you go to the pictures on August 16th PLEASE?

I was pleasantly surprised at the tasteful way in which the new Hotel Ambassador is decorated. The food is also surprisingly good. But there is a lot of room for improving the service and—headwaiters should shave!

4. BUSINESS—(a) Proposed business of the company, with particular reference to the issue now proposed.

(b) The place where it is to be carried on.

5. DIRECTORS etc.—Give names and business addresses of directors (or in the case of new companies, of promoters and proposed directors, and their experience in businesses of a similar character).
6. CASH ISSUES—AMOUNT.—Exact amount of shares, debentures and any other security which it is desired to issue at this stage for cash, distinguishing between ordinary, preference and deferred shares and giving the nominal value and issue price of each.
7. CASH ISSUES—NATURE.—(a) Will the above cash issues be public or private, or if both, to what extent of each kind?

(b) If public, give proposed terms of the issue, e.g., names of underwriters, amount of commission and how payable, issue of prospectuses or circulars, etc.

(c) If private, to whom to be issued.

8. CASH EXPENDITURE.—(a) OBJECTS.—The exact manner in which the proceeds of the cash issues will be expended, showing the amounts to be allocated to the various items.

(b) CONTROLS.—If any of these items involve the purchase of goods subject to any control, give reasons for anticipating that the goods will be available.

(c) TRANSPORT.—When the objects include the establishment of factories, workshops or other buildings during the war,

(i) quantities (weight or wagon-loads) of construction materials and|or machinery and plant estimated to require rail transport and from what sources;

(ii) estimated quantities of raw materials, including coal, and of finished goods to be moved by rail in a given period, and from and to what places;

(iii) increase or decrease, if any, in rail transport to result from the new enterprise when compared with the present movements of the commodities to be produced and their raw materials.

(d) FOREIGN PURCHASES—State separately the amount (approximately) of the materials or plant to be purchased out of the proceeds of the issue which are to be obtained from sources elsewhere than in India; and if the actual business of the concern will involve the purchase of imports, give particulars.

(e) PURCHASE OF EXISTING CONCERNS.—If the assets of an existing concern are to be acquired otherwise than as dealt with under head B below, give name of concern, particulars of purchase price of assets and method of valuation adopted.

9. ISSUES NOT FOR CASH.—(a) Give details as against question 6 of any securities which are to be issued for a consideration other than cash.

(b) Details of such consideration.

(c) Names of parties.

10. GOVERNMENT CONTRACTS.—If the company has the assurance or anticipation of securing any contracts or sub-contracts for Government departments, a statement should be furnished giving full particulars, including name of department and grounds for expectation.

11. OTHER PARTICULARS.—(a) Any additional facts which you wish to adduce in support of your application.

(b) In case of existing companies, state date of incorporation and amounts of capital already subscribed and already paid up; and forward copy of latest balance sheet (with certified translation in English, if not in that language).

(c) In case of new companies, send (draft) Memorandum and Articles of Association and draft Prospectus, if prepared.

(B)—New companies—Conversion of existing businesses into limited companies, where fresh capital is to be raised.

Questions 1 to 11 (a) and 11 (c) above, and the following further questions:—

12. PRESENT OWNERS.—Names and addresses of present owners of business, and whether a partnership or an individual or family concern.
13. TAXATION.—(a) Date on which the existing concern came into existence.

(b) PRO FORMA balance sheet or statement of accounts showing liabilities and assets of the concern;

(c) Value at which the assets are to be taken over by the new company, showing separately such assets as good-will, working capital and land.

C.—New companies.—conversion of existing business into limited companies where fresh capital is not to be raised.

Questions 1, 2, 3, 4, 5, 9, 11 (a), 11 (c), 12 and 13 above and the following further question:—

14. SMALL ISSUES.—Details (as for question 6) of any small issue of capital to be made, not for the purpose of introducing fresh capital, but for such purposes as those of qualifying directors or of interesting employees.

D.—Existing companies.—transactions involving no new money, e.g., capitalization of reserves or profits or issue of shares in exchange for debentures, etc.

Questions 1, 2, 3, 4, 9 (a) and (b) and 11 (a) and (b) above; and in the case of capitalization of profits or reserves, the following further information:—

15. RESERVES AND PROFITS.—(a) Exact amount (in figures) at the time of application standing to the credit of—

(i) the Reserve Fund,
(ii) the Profit and Loss Account.

(b) Are these amounts arrived at after making proper provision for all tax liabilities; if not, give estimate of such provision.

(c) If any amount for goodwill is included as an asset in the balance sheet, and not shown clearly as a separate item, state such amount.

16. REASONS.—Reasons for proposed capitalization of reserves or profits.

A. H. LLOYD.
Examiner of Capital Issues.
